To The Fonseca School Community,

Mary L. Fonseca Elementary School wants to emphasize the importance of every student acting to be successful in the classroom. As Fonseca continues to build an exceptional school environment, our school is holding Saturday School to aid our school culture and improve academic focus in the classroom.

Currently, we are improving our schools progressive discipline plan to limit distractions and to limit time out of the instructional classroom. If notified, students will need to attend Saturday School if students acquire three or more detentions in a two week period, multiple out of school suspensions and other incidents that the school administrative team deems appropriate. As we all work together to make the Mary L. Fonseca School community the best it can be, we ask that parents support our school community in this process.

Please be aware that the school cafeteria is not staffed on Saturdays, so no breakfast or snacks will be available during Saturday School.

Thank you for helping make our school community successful.

Sincerely,

Your Fonseca School Team
